Actual prices may vary from Dealer to Dealer, but rest assured you will not pay more than the Capped Price applicable at the time of your Scheduled Service. Contact your local Nissan Dealer for a service quote. Capped Prices are subject to change. Visit nissan.com.au/cpstcs for full terms and conditions.

*Applies to each of the first 12x10,000km Scheduled Service intervals as detailed in the Owner's Handbook for up to 6 years (from Manufacturer's Warranty start date) or the first 120,000kms (whichever occurs first) where vehicle is used in normal driving conditions. Applies to Normal Maintenance Services (only). Excludes maintenance for Severe Driving Conditions, Unscheduled Maintenance, General Maintenance and replacement of wear and tear items. Some exclusions apply. Your Nissan Service Advisor will be able to assist in determining your individual service requirements. Contact your Nissan Dealer or visit nissan.com.au/cpstcs for full terms and conditions.

MAXIMA

6 years/120,000km*

only Nissan gives you 6 years/120,000kms* of peace of mind...

At Nissan we're determined to provide peace of mind for all our current owners and our future customers. One of the ways we do this is with transparent service pricing thanks to our Capped Price Service program. This means that for 6 years or 120,000kms* you'll know the maximum you'll pay for each of your Scheduled Services.

No other car company offers a commitment of up to six years of Capped Price Service.

Please refer to your Owner's Handbook to discover exactly what items are covered by your Scheduled Service.

why do service costs change from service to service?

Each Scheduled Service is different; but all are equally important to make sure your Nissan keeps running smoothly and reliably. For some Scheduled Services, additional parts have to be replaced and a longer period of time is spent by technicians to complete the service. This means that the Capped Price of your Scheduled Service may vary from one Scheduled Service to the next. Your service advisor will explain which service costs will vary and why, but each of these Scheduled Services will come with the assurance of a Capped Price.

not all services are the same.

Everyone drives their Nissan differently - from stop start driving in city traffic, to driving off-road through the bush. Therefore, your service requirements may vary from the Scheduled Service outlined in your Owner's Handbook. If any additional work is required (over and above the Capped Price, Scheduled Service) your Service Advisor will seek your prior approval to perform such additional work.

when do I need to service my Nissan?

It's not only the distance you travel that determines when you need to have your Nissan serviced. In fact, cars that are used for regular short trips around town are at risk of premature engine wear as they rarely reach their optimum operating temperature. This can generate a build-up of by-products in the oil that reduce its ability to lubricate and cool the engine effectively. Plus, other fluids in your car, such as brake and transmission fluids, deteriorate over time. So to protect your car, make sure you follow the recommended service intervals, be it 6 months or 10,000kms*, whichever comes first.
