Nissan Z

Refining perfection. Explore the latest enhancements across the Z lineup.

YOU ASKED – WE LISTENED.
Z NISMO – NOW AVAILABLE IN MANUAL TRANSMISSION.

NISMO engineering with the raw, mechanical connection only a stick shift can provide. This isn't just a car, it's a call to the open road.

* Up to 10 year warranty when servicing at authorised Nissan dealers. Full terms at [Nissan.com.au/warranty](https://www.nissan.com.au/warranty).
Unryu Green Coupe# & Slate Grey with Super Black Roof Nismo# shown throughout.

A tribute to Z history.

A revised grille inspired by the S30.

Perhaps the most noticeable difference is Z Coupe's new face, which has been redesigned to include a split grille. The look is a reference to the original 240Z, also known as the S30. To accomplish this, designers worked on the shape of grille, while engineers carefully adjusted the front parking sensor packaging.

Additionally, a Z emblem replaces a Nissan emblem, which also aligns its design to the S30, S130, Z31 and Z32 generations.

New 19-inch wheels inspired by the 300ZX.

Z Coupe drivers will be treated to new 19-inch RAYS® alloy wheels inspired by the 300ZX (also known as Z31).

The ten-spoke design is arranged in a star-like layout, evoking the rim design of the Z31's machined wheels available in the mid-1980s.

A new paint colour referencing the first-generation Z.

The new Z debuts stunning Unryu Green#, an all-new colour. It features a rich green reminiscent of Grand Prix Green, which was offered on the S30.

Unryu Green# is available on the Coupe grade only.

New tan interior option.

The Z Coupe grade is available with a new tan interior option, another reference to the S30 generation, which featured a similar colour palette.

When paired with a Unryu Green# exterior, the green-and-tan look is a classic sports car combination.

Premium and two tone paint available at extra cost.

It holds you like never before.

A great dance partner knows how to hold you perfectly. Tight enough for control, but with room to move, too. The Nissan Z does even more than that — it holds your imagination. Advanced technology serves up everything you need to know, combined with iconic design that never forgets what a true sports car must be.

Nissan GT-R®-inspired steering wheel

4-way power-adjust driver seat with manual lifter, thigh & lumbar support

Leather-accented^ seat trim with suede door trim finisher

Driver's seat cutouts for more precise steering and shifting

Padded knee bolsters

^ Leather accented features and upholstery may contain synthetic material.

Tech that performs like a sports car.

Knowledge is power. The more, the better. The Nissan Z keeps you informed quickly, brilliantly, and stunningly. Perfect for whatever your drive requires.

298 kW, twin-turbo V6 engine.

At the heart of the Nissan Z is this 3L V6 twin-turbocharged 24-valve engine. An aluminum-alloy block and heads keep things light, while a water-cooled intercooler helps reduce the temperature of incoming air. Tech brings impressive power of 298 kW and 475 Nm over a broad torque band between 1,600-5,600 rpm.

6-speed manual and 9-speed automatic transmissions.

An upgraded 6-speed manual transmission with SynchroRev Match® means pure driving thrills. An available 9-speed automatic with shift-by-wire controls brings cutting-edge technology and response. The hardest part? Choosing only one.

Shift by Wire Automatic Transmission

A chassis built to respond.

The new Nissan Z is designed to handle your favourite roads with new monotube shock absorbers and suspension tuning for enhanced response. Strong and lightweight aluminum and carbon-fiber composite components, plus massive 19" forged alloy wheels by RAYS® with new performance tyres will give a G-induced smile in every turn.

Launch control and mechanical limited-slip differential.

A first for the Nissan Z — the launch control available in both manual and automatic transmission, helps reduce wheel spin and hop, by holding the engine at a pre-set rpm and modulating power as you pull away, to give you the fastest, most consistent acceleration every time. Combined with the Nissan Z's mechanical limited-slip differential, it lets you enjoy every last rpm that the powerhouse serves up.

2-piece GT-R front brake rotors for NISMO Models.

Unleash next-level performance with the NISMO range, featuring a 2-piece GT-R front brake rotor package that slashes an impressive 9kg of unsprung weight for razor-sharp handling and powerful, confident braking. Finished with striking re-coloured brake calipers, this upgrade doesn't just perform—it elevates the already bold and aggressive NISMO styling to a whole new level.

Coupé

12.3" TFT Advanced Drive-Assist Display instrument cluster

8" touchscreen display

Shift by Wire Automatic transmission
